

Introduction

Dear Members of the Community, dear Students,

It is my privilege to invite you to the first Workshop on Advanced Imaging and Visualization (ImVis) in Riva di Solto at the Lago d'Iseo, Italy.

The ImVis workshop is based on a long tradition of biannual seminars at the Chair for Computer Aided Medical Procedures (CAMP). Those seminars were introduced as a mere aid for the chair members to stay up-to-date and discuss their research interests in a relaxing and fun environment. The seminars then quickly evolved into a workshop-like event with many outstanding talks and invited speakers in our field of expertise. To honor this powerful development, the ImVis Workshop was initiated to reach out to a broader audience where ideas and results can be shared and discussed.

Last year, this workshop was jointly organized with Imperial College. This year, ImVis consists of seven sessions distributed over 3 days. Each session is moderated by two session chairs who are experts in the respective topics.

Moreover, the venue at the beautiful lago d'Iseo offers a huge bandwidth of extracurricular activities for recreation after the scientific sessions.

I am looking forward to welcome you in this beautiful environment, where I hope that we will all be inspired to invent and innovate.

Sincerely
Nassir Navab

Information & Pricings

Venue

Hotel Miranda
Albergo Ristorante
Via Cornello, 8 Fraz. ZORZINO
24060 RIVA DI SOLTO - (BG) - Italy

Date

09.06. - 12.06.2009

Registration Fees (exclusive accommodation)

industry partners:	650€
academic partners:	550€
external PhD students:	500€
internal PhD students:	250€

Contact & Registration

Andreas Keil
Institut für Informatik
Boltzmannstr. 3
85748 Garching b. München

Tel: +49 89 289 17077
Fax: +49 89 289 17079

Workshop on Advanced Imaging and Visualization

Lago d'Iseo, 09.06.2009 - 12.06.2009

Technische Universität München

Program

Tuesday

19:00 **Dinner**
Surprise Guest Speaker

Wednesday

7:30 - 8:30 **Breakfast**

8:30 - 9:30 **Keynote**
Klaus Klingenberg-Regn
Head of innovation department, Siemens Health-care Angiography/X-ray

9:30 - 10:50 **Computer Assisted Interventions (Angio)**
Session Chairs: Terrence Chen
Stefanie Demirci
Maximilian Baust
Nicolas Brieu
Hauke Heibel

11:00 - 11:30 **Break**

11:30 - 12:50 **FULLY 4D**
Session Chairs: Martin Groher
Andreas Keil
Guenther Lauritsch
Moritz Blume

13:00 **Lunch**

14:30 - 16:20 **Computer Assisted Interventions (US)**
Session Chairs: Wolfgang Wein
Christian Wachinger
Ahmad Ahmadi / Tassilo Klein
Oliver Kutter
Razvan Ioan Ionasec

19:00 **Dinner**

Thursday

7:30 - 8:30 **Breakfast**

8:30 - 9:50 **General Medical Image Computing**
Session Chairs: Guenther Lauritsch
Tobias Lasser
Darko Zikic
Oliver Pauly
José Gardiazabal

10:00 - 10:30 **Break**

10:30 - 11:50 **Computer Vision Session 1**
Session Chairs: Slobodan Ilic
Diana Mateus
Pierre Georgel
Loren Schwarz
Selen Atasoy

12:00 **Lunch**

Afternoon **Social Activities**

19:00 **Dinner**

Friday

7:30 - 8:30 **Breakfast**

8:30 - 9:50 **Computer Vision Session 2**
Session Chairs: Selim Benhimane
Slobodan Ilic
Stefan Hinterstoisser
Alexander Ladikos
Stefan Holzer

10:00 - 10:30 **Break**

10:30 - 11:50 **Medical Augmented Reality**
Session Chairs: Andreas Keil
Lejing Wang
Christoph Bichlmeier
Tobias Reichl
Anabel Martin-Gonzalez

12:00 **Lunch**
